

The Board Game

GOAL OF THE GAME

This is a cooperative game that requires teamwork and communication to succeed. To win, players must work together to complete the required number of orders per level before the time runs out!

(REFER TO THE “CHOOSE YOUR DIFFICULTY!” SECTION FOR REFERENCE)

CARD EXPLANATION

The deck of bigger cards are the **order cards**. An order card has a picture of the recipes in the middle and the 4 required ingredients on the corners.

The deck of smaller cards are the **ingredients cards**. These are required to complete the order cards.

RULES OF PLAY

- Before the time begins, each player draws **1 order card** and **4 ingredients cards** from the deck and places them face down on their designated areas of the board.
- The hungriest player goes first!
- Once the time begins, each player flips all of their cards, and player 1 begins their turn. The turns **go clockwise**.
- Players can have **no more and no less than 4 ingredients at a time**.

ON A TURN, A PLAYER CAN DO ONLY ONE OF THE FOLLOWING ACTIONS:

- **Exchange 1 ingredient card** with another player.
- **Discard up to 2 ingredient cards** and withdraw replacement cards from the ingredients deck.
- **Fulfil a completed order**.
- **Pass their turn**.

COMPLETING AN ORDER

- Once a player has completed an order, **they must wait until their next turn to submit it.**
- **You cannot submit an order on the same turn.** Submitting an order counts as your round's one action.
- Upon completing the order, you must ring the bell, announce the order number they are submitting, and yell out:

"Order Number ____ Coming Right Up!"

(EXAMPLE: IF A PLAYER IS SUBMITTING THE FIRST ORDER, THEY MUST SAY "ORDER NUMBER 1 COMING RIGHT UP!")

- Once the round is over, re-shuffle all of the ingredients cards.

TIPS FOR SUCCESS!

- **Try a practice game** without the timer to understand the basics.
- Form an organized discard pile for ingredients cards.
- **Don't focus only on your recipe card** but other player cards too!
- When trading cards, think about how it would **benefit all players** (not just yourself).

GOOD LUCK AND HAVE FUN, COOKS!
